

Duolys

Five years ago, Promotal conducted the largest survey ever performed in Europe and the Middle East. This 3-year survey, conducted in collaboration with more than 200 health professionals, revealed 3 basic needs:

equal treatment of people with mobility limitations, efficiency in carrying out medical examinations and user-friendly equipment. iDuolys is Promotal's new revolution. We have designed a versatile examining couch with a sleek, lightweight design that will improve your comfort and that of your patients thanks to the patient access/transfer position that is the lowest on the market, an optimal gynaecological position, the programmable positions and the autonomous movements that are 2 times faster.

Class I medical device

GYNAECOLOGY

EQUAL TREATMENT

MAKE THINGS EASIER FOR YOUR PATIENTS WITH MOBILITY LIMITATIONS:

- > Low 53 cm position provides easier patient access/transfer
- > Safe, smooth electrical movements
- > Compatible with a patient hoist
- > Switch from the low position to the gynaecological position effortlessly

EXAMINE ALL YOUR PATIENTS EASILY:

- > Accommodates up to 250 Kg

EFFICIENCY

YOUR EXAMINATIONS WILL GO SMOOTHLY THANKS TO:

- > A 2-in-1 couch for gynaecologists and general practitioners
- > Easy to use built-in stirrups (depending on model)
- > A foot control with a double-click function to switch positions without the remote control
- > Movements that are 2 times faster
- > Autonomous movements, press once to change positions
- > Intuitive controls and pre-programmed patient access/transfer position
- > A reprogrammable "Home" position

YOUR ENVIRONMENT WILL BE EASY TO CLEAN THANKS TO:

- > Wheels that can be electrically activated by holding down the button on the remote control (depending on the model)
- > Removable seamless seat upholstery

USER-FRIENDLY DESIGN

CHANGE POSITIONS EFFORTLESSLY:

- > Electrical movements: Height, central backrest, Trendelenburg / reverse Trendelenburg
- > Rear backrest adjustable by hydraulics
- > Variable height from 53 to 99 cm
- > 2 programmable positions, 100% configurable
- > Built-in stirrups

IMPROVE YOUR PATIENTS' COMFORT THANKS TO:

- > A real gynaecological position
